

Steps to better credit health

A helping hand for your customers:

Renting

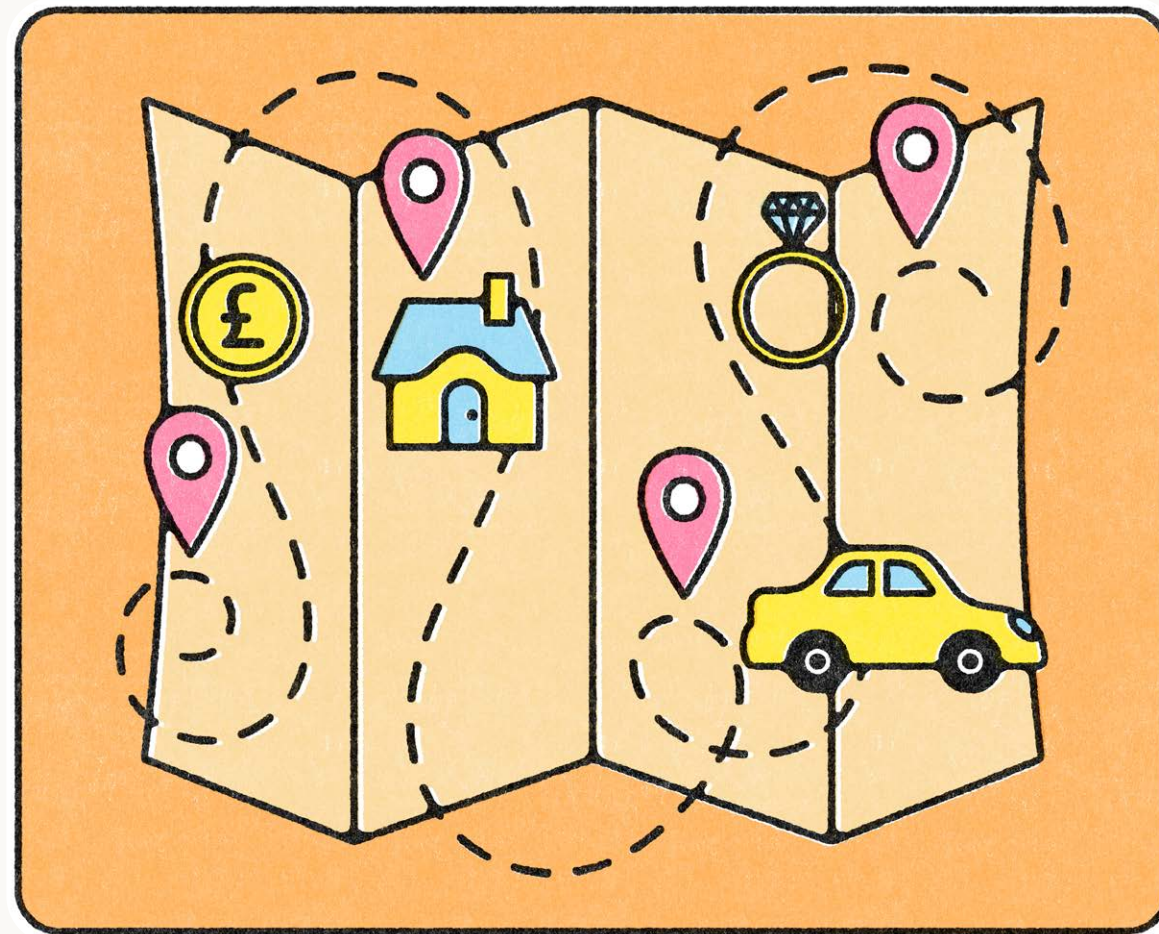

Everyone has goals.

Some of life's biggest moments depend on your ability to borrow money.

Whether it's taking the first step on the property ladder or embarking on a mammoth home renovation, credit reports can feel like a dark cloud hanging over your dreams.

That's where we come in.

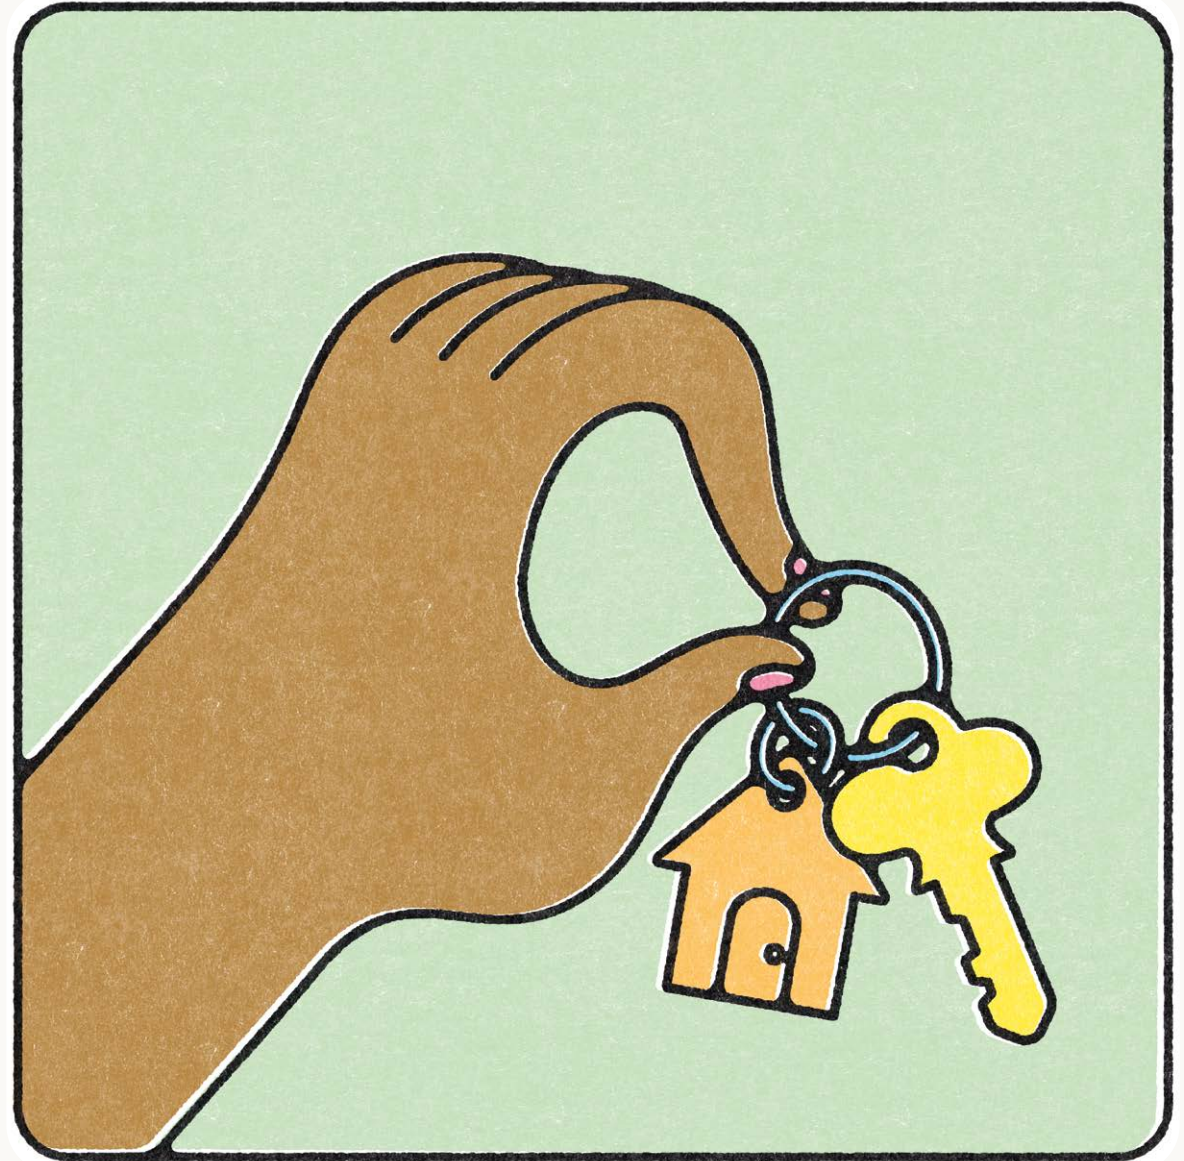

Through your referrals, we're able to help our customers make sense of the numbers and understand where their credit health's at. What was once a daunting hurdle can become an opportunity for getting on the path to making goals a reality.

It's not all about buying

With Checkmyfile, renting just got easier too...

1. Letting agents often do a **credit check** on applicants to confirm their identity and better understand how they might be as a tenant. So it's important to ensure everything's rosy before this happens.
2. We help customers **develop the habits** to make progress. Boosting their credit health now puts them in good stead for life's next big purchase – be it their wedding day or a new car.
3. Housemates can become listed as **financial associates** on their credit report. With Checkmyfile, you know your file – and we'll help you remove them later if they're no longer relevant.

Set up for success
